Fashion's Forecast For Spring

is typified in the gala array of BISCHOF Coats and Suits. Such a galaxy of colorings—such exquisite materials and such smart styles—you'll not find their equal anywhere at the price.

Never before has a season ushered in such a variety of modes. We're showing Mannish tailored suits; gracefully rippling Dress Suits; Norfolks—Sports and Outing suits in the most fetching materials. Every single suit has style, needled in to stay. And the skirts—they're full and rippling, just short enough to make the costume extremely girlish.

All the newest materials, in the new colors.

And Our Coats!

You should see them. Every one simply radiates style. There's the full rippling Utility coat, the jaunty new Sports coats, dressy coats in both cloth and silks, and the more conservative coats, in many styles.

Don't miss this showing—the only ones who'll be disappointed are those who do not see it.

FOR the information of the Livingston correspondent the writer wishes to state that the reason why we failed to have a letter in the SIGNAL week before last was that we accompanied one of his democratic friends to the State Republican Convention at Louisville, and after returning home we found that he had gotten so much real enthusiasm from what he had seen and heard that we hesitated to leave him to the mercies of that almost forgotten party, therefore we neglected every thing in a business way that we thought would keep over.

Harvey Green Howard died at his residence Thursday of last week after a few days illness of grip and other troubles incident to old age. His remains were buried at the Baptist church cemetery the following day. Besides his widow, who was a former wife of his son, the late Joe Howard, he is survived by two sons, Charley Howard, of this place, and Lysander Howard, of Louisville. Attorney and Mrs. E. R. Gentry were here between trains last Friday—J. H. Ward sold at public sale last Saturday some household effects and other items, and moved his family to the farm he recently purchased near Lebanon, the family leaving Wednesday. We regret to give up Mr. Ward and his estimable family.—Mr. and Mrs. W. P. Rigsby were with relatives here a few hours Saturday.—Mr. and Mrs. A. E. Albright were in Cincinnati a few days last week. Mr. Albright was buying goods for his big Main Street store.—Mrs. J. L. Pilkenton was in the city of Mt. Vernon between trains Saturday. Mrs. A. J. Haggard is reported quite sick this week.—Mrs. Allen Hiatt, of Quail, was the guest of her daughter, Mrs. Ben Riddle, here during the week.—Wallace Haggard, who has been attending the Bowling Green Business College, is at home on account of the illness of his mother,

COLDS QUICKLY RELIEVED.

Many people cough and cough—from the beginning of Fall right through to spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "It is certainly a great medicine and I keep a bottle of it continually on hand," writes W. C. Jesseman, Franconia, N. H. Money back if not satisfied but nearly always helps.

Miss Ella Mae Blanford has returned from Louisville where she has been for the past week visiting relatives.—Mr. and Mrs. J. P. E. Drummond have returned from Knoxville, Tenn., after a weeks visit in that city.—Rev. Bowling, of Jackson county, will preach at the Christian church Saturday and Sunday the 18th and 19th.—J. W. Mullins has returned from Level Green where he was called on account of the illness of his brother whom he reports much better.—Mrs. R. B. Sams and children, of Stanford, were here for a few days last week.—Mr. and Mrs. Claud Griffin, of near Mt. Vernon spent Sunday with Mr. Griffin's parents, Mr. and Mrs. G. S. Griffin, of this place.—Mr. S. C. Franklin, of Mt. Vernon was here Tuesday.—Rosa Gregory is working a few days at Estill Junction.—Mrs. Lee Vagone and children, are visiting relatives at Hazel Patch.—Mrs. H. Praise, who has been in very poor health for some time, remains very feeble.—Mrs. L. H. Davis has returned from Estill where she has been visiting relatives.—G. S. Griffin is treating his store room to a new coat of paint.—C. E. Rice is spending a few days with his son, Earl, in Lebanon Junction.—Mr. Frank Maris, Master of Trains at this point has returned from Florida, where he has been for the past ten days resting and seeing the sights of that beautiful city St. Augustine.—Well, at last he crisis has arisen and we have to go down and give Mexico or some of its citizens a threshing. We did hope that we could get along without a fight, but you can't do nothing with the Mexicans, so as the ball has started rolling, the best thing that Uncle Sam can do is to "mop up" with him before he quits.

DANGERS OF DRAFT.
Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic headache will find one or two applications of Sloan's Liniment will give great relief. The agonizing pain gives way to a ringing sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuralgia too. Price 25c. at your Druggist.

Gentlemen:
I am greatly interested to know just who were my paternal ancestors, and also in locating possible relatives, and would greatly appreciate your assistance in the matter.

My father, Selma Watson, who died in December, 1910, was born in Rockcastle county, Ky., and was the son of Wesley Watson, who married Sarah Sumner, and they lived in Rockcastle county, Ky. If there is anyone now living in Rockcastle county, who can give me any information relative to the Watson family and Wesley Watson's antecedents or Sarah Sumner's antecedents, I will gladly reward them for such. I believe Wesley Watson was born in Culpepper county, Virginia.

Awaiting the favor of your reply, I am,

WORTH THINKING ABOUT.

FROM OATS to automobiles, out of debt to three billion dollars to the good. This was the glorious condition of Kansas at the beginning of this year. When Kansas was boose-ridden and whisky soaked she was known the world over as the state of mortgages and the home of the Populists. Today she is admired and respected as the state of culture, broad minded and wealthy. The champion motor car commonwealth of the globe is not New York. Neither is it New Jersey or Massachusetts. It is Kansas. The per capita wealth of Kansas is greater than that of any other state. She has over ten thousand miles and is building more, at the rate of ten a day. Thirty-one counties, known as the Western part of Kansas, produced last year thirty-six million bushels of wheat, which was more than the total yield of Ohio, more than Pennsylvania, Montana, South Dakota, Oregon, or Michigan. It leads all the states of the union in domestic-science extension work. It is also known for its production of sugar beets, alfalfa and corn. The farmers are alive and sober. Her young men are church going, active and progressive. Instead of being a state at which verbal brick bats are thrown, her citizens are enjoying the sweet perfume of praise for their sobriety and thrift. To day she has no slums and she has a successful state-wide prohibition that actually prohibits.

Isn't these facts worth thinking over?

VITAL statistics of Kentucky for the year 1915 have just been published. The number of births in Rockcastle was 492, death 131, or 8 deaths to each 1000 population; births showing up nearly 4 to each death. In Breathitt county we find the best average in the state. The births number 546, deaths only 80, or 4 to the 1000 population; births being nearly 7 to each death reported. This is a most remarkable showing and, if the record is correct, it indicates that Breathitt county is the healthiest locality in the old commonwealth, notwithstanding the unenvied reputation the county once had on account of its feuds, when it was believed that as many died violent deaths each year as the reported total number of deaths in the year 1915, within its territory.

EVERY newspaper treasures up in its memory the names of its friends and likewise its enemies. It seldom, if ever, overlooks an opportunity to assist the former, but never goes out of its way to boost the latter. Human nature is pretty much the same everywhere. People who show the newspaper scribe kindness, never makes a better investment, or one that more surely pays them a hundred fold sooner or later. As has truly been said, there comes a time in the life of every man when a word said by a newspaper either makes or unmakes the individual mentioned.

Judge B. J. Betherum has refused to grant an injunction to prevent the County Judge from selling a \$300,000 bond issue; held that a majority vote was sufficient in road bond elections, and that the Pulaski Fiscal Court was acting within its rights to advertise for bids on the bonds. They are all coming across for good highways.

THERE is no National holiday in the United States. The proclamation of the President designating a day of Thanksgiving only makes it a legal holiday in the District of Columbia and the Territories.

THE colored Republicans are making some noise over the fact that at the late Republican State Convention in Louisville they were allowed only one delegate, out of eight, to attend the National convention at Chicago, and said delegate only has a half vote. Herefore they have been granted one out of four. The dissatisfied contingent held a meeting in Lexington and "protested." Among the resolutions was one asking that one of the white delegates be withdrawn, and substituting a colored man. They claimed that allowing them only "half a nigger" did them an injustice.

WHILE, of course, this country can thresh Mexico, it would cost many lives. The present expedition in pursuit of Villa, is more serious than many are led to believe. It is more probable that the native Mexicans will rally to the support of the bandit chief and cause much trouble. Eventually, we believe, it will be war with Mexico. Watson favors wading in and take everything in sight clean to the isthmus. His slogan is "on to Panama."

VILLA and his band of assassins who raided Columbus, New Mex., last week, and murdered nineteen Americans and losing a hundred of their own gang, are being pursued by American soldiers who crossed the border into Mexico to the hunt of the Mexican desperadoes. Some seven or eight thousand of our forces have been sent to the border.

FAYETTE county reports 910 births and 1181 deaths in 1915. Pike county reports 1603 births and 326 deaths. Fayette's population is about 12,000 more than Pike yet, she reports 693 less births than the latter.

LINCOLN COUNTY has let contract for the reconstruction of the Danville Pike and the Crab Orchard pike, the Boone Way route.

Tanlac Secures Highest Record

Quality Tells the interesting Story of This Extraordinary Medicine

No other medicine has ever approached the wonderful record of Tanlac. Its successes is a romance of the said business world—a success built on merit so unusual that in just nine months after Tanlac had been introduced one million bottles had been sold to men and women who had learned its superior qualities for the relief of ailments of the stomach, liver and kidneys and catarhal affections.

Tanlac appeals to the best people everywhere. These are the men and women who judge intelligently and impartially, and the result always is a Tanlac verdict. Upon the indorsement of many thousand people rests the great and secure popularity of Tanlac.

Those who take Tanlac always return for the second bottle because the first few doses establish its merits. Tanlac is so efficient and pure, it at once makes known its value in derangements of the stomach, indigestion, upset nerves and debility.

Tanlac, that has come to be generally known as the Master Medicine, now may be obtained at Mt. Vernon, at the Drug Store of Ohas. C. Davis, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead, W. M. Owens' Store, Buri, Ky., Lyne Bros., Crab Orchard, S. E. Welsh, Berea, Ky.

Ellis said, none of the members of the Kentucky regiments would be obliged to go to the front, under their enlistment. Volunteers would have to be called for."

The city of St. Louis pays into the Missouri State Treasury more money than is spent in or for the direct benefit of St. Louis by the state government, and some people in St. Louis have complained. Louisville has done the same thing for years in Kentucky and no one is complaining. Of the \$500,000 raised in Louisville under the State school tax, approximately \$220,000 goes to school purposes in poor counties, and the same principle holds true with the other parts of the State tax. Louisville is glad to make this contribution to the State. The thing it chiefly asks from the State is permission to be left alone in the management of its own affairs in order that the improvement in local government may continue.

Cas Cox, the gentleman barber, some years ago, sent the following testimonial to a parent medicine man: "I have been subject to fits for years, but after taking two bottles of your medicine I havent had any since." They don't know whether he was relieved or is only a left-handed speller. Cas claims he wrote the letter for a neighbor and absent-mindedly signed his own name to it.

I received one-third of the installment of State funds due teachers. So I can only pay each teacher one-third of their March draft at this time. I am sorry this money could not all be paid at once but it appears that we will have to await the legal maturity of the State obligations.

(MRS.) ALICE DAVIS,
County Superintendent.

Hon. E. Bullock has returned from Frankfort, where for the last sixty days he has represented Laurel and Rockcastle counties in the lower branch of the Legislature and did it with credit to his district and honor to himself. It has been several years since this district sent a man to the Legislature, who worked more faithfully, stood better among the other members of the General Assembly and came out with a better or cleaner record, than our own "Tub" Bullock. He voted right on every question.

Mr. and Mrs. Joseph Sampson, of Barbourville, Sunday last, celebrated their sixty-fifth wedding anniversary with a reception at which were present a large number of local people and relatives from neighboring towns. Children present included Louis D. Sampson, a New York newspaper man; Joseph Sampson, a contractor of Sioux Falls, N. D.; Judge F. D. Sampson, of the Thirty-fourth judicial district; Mrs. Jones of Lonnon, and Mrs. F. R. Barner, of Barbourville. The fifth generation was presented by the little great-grand daughter, Miss Jones, of London. Mr. and Mrs. Sampson, aged 93 and 85, respectively, are in the best of health. Mr. Sampson is a retired farmer and a bank director.

IN MEMORY OF MR. LOGAN LONG

On March 6th, just as the early dawn revealed the fresh morning light, the angel of death came and claimed as its victim the devoted husband and father. He had been sick only a short time with that most dread disease, consumption, which takes away many of our godly souls. His suffering was patiently borne. If he had an enemy in the community in which he lived, no one knew it. He was thirty-nine years of age. Besides his loved companion and three little children, he leaves a father, three sisters and one brother to mourn his death. The remains were laid to rest at Providence cemetery, Tuesday at eleven o'clock, to await the call of the last great day. In his death the wife has lost a devoted husband, the children a kind and loving father. We extend to the bereaved much sympathy.

EXTRA SESSION RESOLUTION

Requesting Governor To
Issue Call for Taxation
Legislation

PRESENTED TO SOLONS

Closing Hours of General Assembly
Finds Legislators on Duty Day and
Night. Woman Suffrage Put on
Shelf.

Frankfort, Ky. (Special)—Resolutions have been presented both in the Senate and in the House requesting Governor Stanley to call a special session of the Legislature to pass a revenue and taxation bill. The resolution was offered in the Senate by Senator Speer, an administration leader who declared that such a bill could be considered and passed in 30 days. A limit of 30 days is suggested in the resolutions.

Woman Suffrage won in the Senate when that body passed the Combs equal suffrage bill, 26 to 8. It was killed in the House when the Representatives, by a vote of 46 to 45, refused to adopt the motion of Representative Hobbs to put the bill on its passage. Several efforts have failed in the House to bring the bill out of the committee's hands and it is now certain that this amendment will not pass at this session.

Such incidents as the attempt to split Pike County and the investigation that followed it; the investigation of Representative W. B. Harvey growth of a chamberlain's allegation;

Representative Joseph Phane's charge; the assertion of Representative Harvey that "distilled water" \$25,000 to Governor "campaign fund"; former Representative Elwood Hamilton's af-

fect that Colonel E. H. had confided as much to him as Colonel Taylor's very positive defense of Hamilton's statement, and the prohibition and various liquor questions are cited as the reasons for obstructing business legislation at this session by both administration leaders and the so-called insurgents.

All Senate bills that have passed have been given their first reading in the House, which put the House in position to consider any Senate bill that has passed before the session ended. The Senate has passed twice as many bills as the House.

IN THE HOUSE.
